YPHC June Newsletter

KOSAIR CHILDREN'S HOSPITAL

A Part of Norton Healthcare

Join YPHC this month for the luncheon on June 17th at noon at the Historic State Theatre. Our speaker this month is Jenny Stith from Kosair's Children's Foundation. Please RSVP to Mika at Mika_Tyler@kyfbins.com by **Tuesday June 16th**.

Jenny will be speaking with YP's about the Children's Foundation and how we as YP's can get involved with this cause.

Children's Hospital Foundation exists to raise awareness and funds in support of Kosair Children's Hospital. These funds help support the hospital's programs and services in the areas of: facilities, capital equipment and technology, Clinical research, child advocacy, and health education of patients, parents, physician, and staff and the community. The vision of the foundation is supporting children's health care through consistent and on going philanthropy resulting in sustainable financial contributions for the benefit of patients care of Kosair Children's Hospital. As an organization sustained by volunteerism, the Children's Foundation values the talents and participation of every person involved in it's work.

Kosair Children's Hospital is not for profit and relies on the generosity of the community to support programs, hospital improvement, education and advocacy. Kosair treats children regardless of their family's ability to pay. As the number of children needing help at Kosair's continues to increase, so does the need to stay up to date on medical advances and technologies.

To contact Jenny at the Foundation:

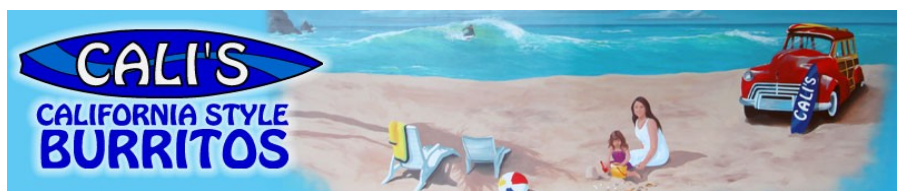

234 East Gray Street, Suite 450 Louisville KY 40202
